

HALT THE ASSAULT

Halt The Assault will bolster and build legislative support around a ban on assault weapons and large capacity magazines. Utilizing **GVPAC's legislator contact tool**, constituents will be connected with their state lawmakers to urge them to support the ban and advance it as quickly as possible. By sharing this tool and encouraging activists across the state to get involved in the movement to **#HaltTheAssault**, we will build momentum to pass this critical legislation and save lives.
